1993-95 GRAND CHEROKEE 7 GROOVE CLUTCH

We are currently purchasing the new clutch assembly part number (FRS 47565, MUR 272201, EVR A72201) from a different supplier. This new clutch assembly now comes with a three-wire connector instead of the OEM two-wire connector.

THE DRAWING SHOWS HOW THE WIRES ARE TO BE CONNECTED TO THE VEHICLE.

Connect both eyelets to ground
